Prayer Requests

The Halsteads to Nairobi, Kenya

1. Family: Pray for our home, marriage, family. Website with other data: www.huffstokenya.org

* Marriages on the field face different challenges. Pray for grace and growth as the years roll by and that we'll handle the many adjustments and changes that will come our way with maturity and spiritual growth.

* Pray for Angie and her role as home educator, missionary wife, etc. She does a great job, but needs grace and mercy each day to persevere through trials and challenges (I.e. Like her husband :).

Prayer Requests

* Pray for our kids as they grow older (Karis 13, Faith 10, Makayla 8). We long to see evidence of God's grace in their lives and real repentance and faith followed by believer's baptism. It's hard for kids in a 'foreign' environment to feel normal and participate in a local church like the locals do – partly because they stick out as foreigners and are missionary kids. Pray that they will be motivated by the Spirit to live godly lives and follow Christ in biblical repentance and faith.

2. EABST – East Africa Baptist School of Theology<www.eabst.org> is in mid semester. We are very busy with classes, etc. We currently have about 20 students preparing for ministry. Pray that the men would grow in grace and knowledge of the Lord Jesus Christ. EABST is also in a stage where we need to take the next step and 1. Hire support staff, and 2. Become more sustainable financially. Pray we'll connect with the right people, find the right staff, network with the right churches, etc.

3. Emmanuel Baptist Church (EBC) & the future: We currently minister at EBC in a variety of roles (music, teaching, discipleship, etc.). We are eager to begin planting new churches, but desire to EBC in a strong position with solid national leadership before we do that. EBC has been pastored by a national pastor now for almost 1 year. Pray that the relationship between EBC and EABST will continue to grow and that many will be saved, and discipled and that many churches will be planted out of EBC in the years to come. Pray for mature leaders to rise up and help EBC. EBC has a tremendous potential to be a church of great impact in Nairobi and beyond.
