Ministry

PRMI is developing Haven of Grace Camp & Conference Center on the island of Negros, in the Philippines.

We have finished building a large Ministry Training Resource Center (MTRC). This facility is equipped with student and faculty housing, three classrooms and a large cafeteria/conference room.

Our goal is to open **Haven of Grace Seminary** for the purpose of training Filipino pastors and young men for gospel ministry.

Haven of Grace Camp facilities are also used for summer camp ministry, evangelistic outreach, school retreats, conferences, and other events that serve the local churches.

This property is strategically located outside of Bacolod City, which is home to over 600,000 people.

Oct. 17-21, Pastor Matt Walker from Cary, NC instructed between 40-50 pastors on the subject of Spiritual Warfare. The material was informative (many had never received teaching in this area before) and the classroom discussions were lively. Many pastors expressed gratitude for the teaching which challenged their thinking about the modern-day tongues movement, faith-healing, demon-possession, and other significant topics. This was an appropriate subject considering the challenges pastors face in the Philippines. As always at Haven of Grace, pastors were directed back to the authority of the Word of God.

WELCOME *to* Haven of Grace
